PAGE 20: THANK YOU

Welcome

For us, it's always been bigger than bags. Since the late 80's, our mission has been to show the world that one small decision can make a huge impact. We wanted to show how being environmentally conscious can be accessible and affordable, and show business leaders that it is possible to balance planet, people and profit. These are our driving principles since day one. It's what keeps us going.

WHY CHOOSE US?

We're thrilled and inspired by the challenge of building a consumer product business that actually creates less waste—all while creating the highest-quality, durable, functional, practical styled goods that inspire others to live, act, and do better every day.

From the products we sell to the sourcing and delivering of our materials, we're always looking for ways to improve our practices and reduce our carbon footprint from start to finish. With new options and innovations becoming available all the time, we're excited to evolve our brand to best suit our customers and the Earth.

New Products

In 2022 we introduced Birla Cellulose into our product line. Why Birla cellulose?

Birla Cellulose is a leading sustainability focused man made cellulosic fiber producer. Our nature based fibers come from renewable wood sourced from sustainably managed forest. We use closed-loop process and environmentally efficient technologies that recycle raw materials and conserve natural resources.
